

A HISTORY OF SUCCESS

King and Murray PLLC has already achieved a remarkable level of success for a law firm that opened in October 2010. Here are some winning examples:

- ◆ King and Murray obtained a \$1 million+ settlement for a client on a breach of contract and fraud case that several large, Detroit-based law firms passed up.
- ◆ King and Murray successfully represented an automobile manufacturer in a construction dispute, which resulted in \$7.9 million judgment.
- ◆ King and Murray obtained summary judgment for a respondent client in an international arbitration pending in New York in front of the International Centre for Dispute Resolution of the AAA. The arbitrator also awarded costs and attorneys' fees to our client.
- ◆ King and Murray was asked by one national lender to take over a case from a large local law firm just three weeks before the start of trial in Wayne County Circuit Court. The firm obtained a dismissal of all claims just days before a jury trial was to begin via a motion that the prior law firm overlooked.
- ◆ King and Murray represented a large, locally based mortgage lender against an appraisal company with respect to negligent appraisals. The case settled two weeks before the start of trial for 100% of the client's damages. In short, total victory without the cost of trial!
- ◆ King and Murray represented a national insurance company against a local, high profile personal-injury law firm. The firm negotiated a stipulated order of dismissal with prejudice of all claims without any payment of money by the insurance company.
- ◆ King and Murray represented a large, locally based mortgage lender against an appraisal company with respect to numerous negligent appraisals. The firm negotiated a \$1 million+ settlement for the insurance policy limits of the appraisal company without having to file suit. Complete victory without the cost of litigation.
